Minute	AGENDA ITEMS	Action
87/22	Apologies:- Councillors Mrs. A. King, Mrs. L. Harrison, Mrs. S. Tippet	
88/22	<p>Public Forum:- Member of Public reported on a headstone in the cemetery, they were advised they could only have half of the headstone and they paid for a double grave and would like a double headstone and base, they want a cover slab out to the size of the brick lined grave. Chairman suggested the family complete the application form with the Memorial Mason and send paperwork to the Clerk and we would discuss via email to make a decision. Five members of the public left the meeting at 6.35pm.</p> <p>Member of public reported on a planning application from Mr. Cherrie. He wanted to discuss the planning. He raised the objections on the planning portal. The property has been in his family for 37 years. Their original property has always been visible, so it is no more detrimental than previously. The neighbouring property is a substantial building.</p> <p>Councillor G. Rowe queried why they had now followed the approved plans. Member of the public reported the original architect when visiting the site, they have the lane level, the original property height and the garden level. He was assured on several occasions by the architect of the property height. They are ground level on one side and above on the other side.</p> <p>Councillor M. Edvyeane reported on the original PA14 application and the data points have changed considerably between the applications over the years. Member of public reported this was due to the lane levels. Three members of public left the meeting at 6.47pm.</p>	
89/22	<p>Update from Matthew Vowels and Steve Cudmore in respect of Greenacres, Victoria, Roche:- Matthew Vowels presented a briefing and advised he now works at Cornwall Council promoting economic development. He is at the front line of enquiries for businesses. Steve Cudmore was in attendance as well and introduced himself advising he was working for a local haulier and he was shown the site of Greenacres.</p> <p>There is local land interest, development pressures, market is strong at the present time, opportunity for the Parish Council to engage and discuss and hopefully inform on decision making. What are the drivers for change – A30 to St. Austell Link Road, residential property demand, strategic location, commercial property demand, climate emergency, planning policy documents to review, land owners position, levelling up agenda (County deal).</p>	

	<p>Area of Interest – Identification of the land showing Greenacres and some surrounding land owners, there is approximately 200 acres. Demand - Residential; Commercial; Community. What are the options – do nothing and be subject to developer led planning process or enter into a dialogue with land owners, developers and community to develop a local covenant that works for all interests.</p> <p>Clerk requested a copy of the presentation to be emailed for Councillors who were absent this evening Action: Matthew Vowells.</p> <p>Councillor M. Taylor queried the areas of who is interest. Matthew Vowells reported the interest is the landowners. Matthew Vowells advised he has been approached by businesses looking at developing this site.</p> <p>Councillor G. Rowe asked whether they were developing the whole of the area? Steve Cudmore advised Greenacres is around 28 acres and could be developed with Richard Keast in liaison with the Parish Council. Councillor G. Rowe asked whether it was the housing development that is driving forward the Greenacres site as they are mentioning housing. Steve Cudmore reported Richard Keast has an open mind on the matter.</p> <p>Councillor P. Jones advised them that Roche has a possible 150-200 houses being built and he wonders how they believe more properties are required for the parish. He asked why they could not look for a brownfield site instead of using this greenfield site as we would be left with no land of this type if it proceeds and he asked them to look for a brownfield site.</p> <p>Councillor Mrs. H. Retallick was concerned as they were talking about commercial and housing on the same site.</p> <p>Councillor D. Yelland asked with projects of natures where children would go to school, where old people would go. Our School is already full and Doctors are over-stretched.</p> <p>Chairman suggested we hold a separate meeting of the Parish Council to come back with a list of questions for Matthew Vowells Action: Clerk to arrange.</p> <p>Chairman thanked Matthew Vowells and Steve Cudmore for attending the meeting and presenting this evening.</p>	<p>Matthew Vowells</p> <p>Clerk</p>

Guest</p> <p>Cwll. Cllr. P. Guest</p>

	<p>Emptying of Waste Bins in Old Lane – Clerk reported she had received a response from Cornwall Council advising in general terms, the provisions within the street cleansing contract do not specify fixed frequencies at which litter and dog bins should be emptied by their contractor.</p> <p>Instead, the stipulation is litter and dog bins should be emptied at whatever frequency is necessary to prevent them overflowing. This allows the contractor flexibility in resourcing to reflect demand as some areas are busier than others and to account for seasonal fluctuations etc. whilst maintaining service standards. If anyone have concerns regarding full litter bins in a certain location they would encourage it to be reported via the Report-it pages on the Cornwall Council Website and the specific page relating to bins is https://www.cornwall.gov.uk/rubbish-recycling-and-waste/street-cleaning/report-an-issue-with-a-litter-bin/ By following the link and zooming in on the provided map litter and dog bins can be seen as purple dots and selected for reporting any issues Action: Clerk to include in the Newsletter Report and Facebook pages.</p>	Clerk

Inch declared a non-registertable interest in item 27 on the agenda – Roche Post Office – Financial Contribution to Roche Victory Hall to assist towards cleaners wages, electric, heating oil and water.</p>	
93/22	<p>Monthly Cornwall Councillor Report:- Councillor P. Guest reported as follows:-</p> <ul style="list-style-type: none"> • Two weeks ago I spoke at the Boundary Commission England’s hearing at the Guild Hall in Exeter about the proposal to move the Roche and Bugle electoral division into the South East Cornwall Parliamentary Constituency. As you know along with the other 3 Clay Country Councillors, I put forward an alternative proposal for Roche and Bugle to stay in the St Austell and Newquay Constituency and move St. Columb, St. Mawgan and St. Wenn into North Cornwall instead. Also speaking in support of this proposal were Steve Double, Cornwall Council, S.W. Conservative party and the national Conservative Party. Nobody spoke against, although the Green Party spokesperson from Bristol did propose keeping Roche and Bugle and moving Fowey, Tywardreath and Par into S.E. Cornwall instead. Fortunately, he spoke before I did and that gave me time to tweak my speech and shoot his daft idea out of the water. • I have a sent a copy of my speech and if you are interested, you can watch it on You Tube at Boundary commission England hearings Exeter March 21st part 4, I am about 20 minutes in. Overall, it went well and I am quietly confident that we will stay as we are. • I have also attached a copy of my submission regarding the Treverbyn/St. Austell Parish Boundary review which I hope will compliment Treverbyns Clerks eloquent submission. I played nicely and did not use any comments about annexing Austria or land grabs in the Ukraine. • On the subject of Ukraine, I have been bowled over by the level of support and donations that have left here for Eastern Europe, only last week, I took over 60 shoe boxes filled with lifes little essentials from the area to Daisy Dukes in St. Austell who will transport them over. 	

	<p>A couple of days before that, along with Cornwall Councillor Pauline Giles at Cornwall Services we waved off the latest lorry to travel over, we did a quick tally up and realised that over 100 pallets of humanitarian aid donations have left for Ukraine from our area since the crisis first broke. It really is heartening to see the levels of generosity within our community.</p> <ul style="list-style-type: none"> • The process of matching up refugees with people who have offered rooms within Cornwall is a slow but necessary procedure. There has been frustration expressed in some quarters at the amount of time it all takes. The Home Office are responsible for the issuing of visas, but Cornwall Council are working all hours carrying out the necessary safeguarding checks, availability of school places etc. • The redecoration/makeover of Roche Skate Park is now done. This was a project run by the Adult Education Board of Cornwall, and the students did a great job. There was a write up including pictures in the St Austell Voice, but, if you get a chance, go over and have a look, it is well worth it. • There is currently a consultation going on about extending the double yellow lines at the junction of Parkwoon Close and Edgecombe Road, I did ask about the possible removal of the telegraph pole, but it would appear that that is outside of highways remit and I would have to approach the power company. • Along with the Chairman, I met up with Stu Wood the Forest for Cornwall Project Officer to discuss planting new trees along the length of the Roche Football Pitch. Stu is going to come up with a couple of suggestions and let us know about any grants or funding that may be available for this work. I have also written to the Cabinet portfolio holder to see if there are any other funding sources we could use. • Thanks to the efforts of both Julie Burdon our Clerk and Rachel Wakeham from Roche News, bags of wildflower seeds were distributed along with this months edition of the newsletter to local residents, the stash is going down, but I still have some if anyone else would like some. • A decision has been made to keep Porthpean Outdoor Education Centre open until July 31st, it is hoped that by that time a new provider will have been identified to take over the running of the facility from that date. I am not party to the negotiations, but, I have heard on the grapevine that it is looking promising. • The A30 link road project has gone quiet over the last couple of weeks, but I am assured by our MP that it is still progressing and a decision is expected within the next couple of weeks. <p>Chairman thanked Cornwall Councillor P. Guest for his report this evening.</p>

The current application is just adding the Greggs sign to the existing totem. A refusal of this application would, therefore, be difficult to defend at appeal given this information.</p>	Clerk

111/22	Tree Safety Surveys:- Clerk reported on response from CALC as follows - The frequency of tree surveys will depend on a number of things, not least the weather. NALC has recently advised that in light of the significant storms of a few weeks ago, Councils should consider what level of tree inspection is required. They do not hold any information on the minimum standards of the timetable for tree surveys but their understanding of risk management is that it will in part depend on a number of factors including:-	

	<ul style="list-style-type: none"> • Siting of trees – play areas, street trees, boundary trees, hedgerow trees, churchyard/allotments • Types and ages of tree • Insurance <p>The Management of the risk from falling trees or branches (hse.gov.uk) has provided some guidance including a simple assessment template which may be of interest. It was resolved to ask them to survey what we are responsible for and request a cost for this and Chairman to liaise and this will depend on how often we carry out the inspections (Proposed: Councillor D. The nearest ones to Roche are for their villages only. They believe it would be ideal for the village and also brng some money in if the land is not used for anything else. They asked the Committee to consider. Councillor M. Edyvean reported he went on a course in respect of allotments several years ago. We investigated allotments in the Parish and unfortunately there is not enough money in and it needs someone in charge of the area volunteering, there would need to be toilets and water supply to the whole site. There are pros and cons on all levels. Management of the site was the main problem.</p> <p>Councillor Mrs. H. Retallick suggested a community garden/orchard/space for all to use. Unfortunately land was the problem as the Parish Council has no available land.</p>	

	<p>Councillor G. Rowe suggested the possibility of someone who could not manage their garden to allow someone else to use it to grown vegetables, i.e. Share a Garden.</p> <p>It was agreed to keep on the next agenda for discussion Action: Clerk.</p> <p>Action: Land up by Dukes Court – Cornwall Councillor P.
