Update on site of Poachers Inn with updated plans from Dylan Myers of NU Foundations Planning and Design. It was resolved to leave for the main meeting to be held on the 12<sup>th</sup> August 2020 (Proposed: Councillor J. Wood; Seconded: Councillor G. Rowe) <b>Action:</b> Clerk</li> </ol>	<p><b>Clerk</b></p> <p><b>Clerk</b></p> <p><b>Clerk</b></p> <p><b>Clerk</b></p>
182/20	<p><b>Update on Planning Application for up to 150 Dwellings at Edgcumbe Road, Roche – PA18/09982 (Site D in Roche Neighbourhood Plan)</b> – Email from Gavin Smith, Development Management Group Leader, Cornwall Council hoping to find a solution for this proposal that is more acceptable to everyone. To do this, he would like to invite the Parish Council to consider two important questions relating to policy requirements in the Neighbourhood Plan.</p> <p>These are set out as follows:-</p>	

	<p>1. Would the Parish Council accept occupation of more than 50 homes on the application site at the point of time when the physical construction of the new A30-St Austell Link Road has commenced (Policy B2bi of the Neighbourhood Plan to require no more than 50 homes to be occupied until the completion of either the A30-St Austell Link or a smaller HGV Bypass through the application site). It seems to make little sense to require a HGV Road to be constructed through the application site when the delivery of the preferred link road option is already underway; the risk of the A30-St Austell Link Road not being completed having already been physically started (and funding obtained) is low; waiting for the A30-St Austell Link Road to be constructed could mean a substantially unfinished development on the application site for some time, to the detriment of local amenity; and, from a design perspective, a much higher quality development on the application site could be obtained if the development does not include a HGV Bypass Road, as this type of road is likely to introduce constraints to the layout and character of the development due to the design of the road itself and noise from heavy vehicles (creating set-backs for development from the HGV Road, prominent acoustic mitigation such as high solid fencing and associated loss of land which otherwise could have been used to help make living on the site more enjoyable for future occupants).</p> <p>2. Would it be acceptable to release the obligation for the provision of the “safe pedestrian route” along Victoria Road linking Roche to Victoria upon commencement of the A30-St Austell Link Road (Policy B2biii of the Neighbourhood Plan requires a safe pedestrian route unless impracticable). This would be on the basis that the existing planning permission for the A30-St Austell Link Road includes a requirement to provide a footpath along the same route – and that it would not be necessary to duplicate that obligation with the current application.</p> <p>Councillor J. Wood confirmed that he would obtain more information from Gavin Smith for the next main meeting <b>Action:</b> Clerk to include on next main agenda for the 12<sup>th</sup> August 2020.</p>	<b>Clerk</b>
183/20	<p><b>Pre-application Discussion for Memorial Stone, Pots and Cover Slab on New Side of Cemetery with purchase from Memorial Mason out of County:-</b> It was resolved to accept as set out and that we are happy for her to put forward her application to purchase and await confirmation from the Memorial Mason, with exact sizes (Proposed: Councillor Mrs. I. Northey; Seconded: Councillor G. Rowe) <b>Action:</b> Clerk.</p>	<b>Clerk</b>
184/20	<p><b>Date of next Meeting:-</b> Wednesday the 12<sup>th</sup> August 2020 at 6.30pm in the Roche Victory Hall Large Committee Meeting Roche, Roche Victory Hall or via Skype depending on the Country’s status next month.</p> <p>There being no further business to discuss the meeting closed at 6.47pm</p>
