

**A30 Highgate to Victoria overnight westbound closure
3 to 4 June 2021**

Highways England operates, maintains and improves England's motorways and major A roads.

Sections of road marking on the A30 between Highgate and Victoria have reached the end of their design life and need to be replaced.

In order to carry out the work safely we'll close this section of road overnight between the hours of 8pm in the evening and 6am the following morning. During the day the westbound carriageway will be open as usual.

While closures are in place motorists will be diverted as follows:

- Light vehicles will be diverted via the B3274 to St Columb and onto the A39, to rejoin the A30 at Indian Queens.
- HGV's will follow the same diversion route, but with a small deviation to Roche to avoid a low bridge.

Address Line 5

Our ref: 60886

We would encourage all road users to stick to the officially signed diversion routes.

Please accept our apologies in advance for any inconvenience which may be caused.

We always aim to work to programme, however unforeseen circumstances or adverse weather conditions may mean changes. We'll keep you updated via advance roadside warning signs.

If you would like further information about this work, please contact Highways England Customer Contact Centre on Tel: **0300 123 5000** (open 24/7) or by email: info@highwaysengland.co.uk quoting the reference number above.
