

Future Cornwall

Cornwall Infrastructure Needs Assessment

China Clay Schedule

This schedule contains the infrastructure requirements for the China Clay CNA. This CNA falls within a combined planning framework for the area as set out in the St Austell, St Blazey and China Clay Area Regeneration Plan and as reflected in the Local Plan.

Local Plan	<p>The St Austell, St Bazey and China Clay area is one of the council's two priority areas for strategic regeneration and investment. The area is endorsed as a location to create an eco 'town' (eco communities), forming part of a Government supported project to create a number of eco 'towns' communities creating outstanding places to live and work that meet high environmental and social standards.</p> <p>The Local Plan identifies the area as one where economic opportunity should be maximised through development that is sustainable, transformational and of a nature and scale that would bring about significant change for the better. The Local Plan seeks developments that address local needs to achieve high social standards, lead the way in achieving high quality, high environmental performance and to support the development of environmental technologies and industries.</p> <p>The Local Plan key objectives for the China Clay CNA: 1,500 homes to support sustainable development of established communities 2,300 homes in the eco community locations which fall within this CNA</p> <p>Development should:</p> <ul style="list-style-type: none"> • Support the regeneration of villages and the local economy. • Enable the delivery of affordable housing. • Enable the delivery of community infrastructure including new facilities, green space and key transport links. Reduce the impact of traffic on communities. • Conserve heritage assets, including mining heritage and nature conservation sites and enhancement of the local environment (in particular emerging opportunities as a result of restoring china clay workings).
-------------------	---

Town Framework	<p>The St Austell, St Blazey and China Clay Area Regeneration Plan was prepared by the Council to help inform and guide future development in St Austell and the wider China Clay area. The Regeneration Plan can be found via the following link http://www.cornwall.gov.uk/default.aspx?page=32818</p>
-----------------------	---

Costs	<p>The schedule identifies costs of the infrastructure projects where they are known. In many cases however the project costs are not known or are subject to change and caution is needed in regarding these costs. The total known costs of projects in the China Clay CNA schedule are shown below but these come with a health warning as they are only temporary totals. The total known cost (many costs unknown at this time) for delivering the infrastructure projects in the area is: - £207,106,500.00</p>
--------------	---

Funding	<p>As with costs, the information on funding as shown in the schedule needs to be considered with caution, as new information on funding sources and figures emerges regularly. Funding for infrastructure in the CNA could come from a number of sources including: ERDF Convergence, infrastructure providers, Cornwall Council, Homes and Communities Agency, the New Homes Bonus, Cornwall Community Infrastructure Levy and the Regional Growth Fund.</p>
----------------	--

Key Benefits	<ul style="list-style-type: none"> • new jobs, skills and economic growth • addressing transport, education, flooding, health needs and community scale renewable energy schemes • new housing, including affordable housing • development of a high environmental and design standard • sustainable travel patterns • raise the aspirations, opportunities and well-being of communities
---------------------	---

Key Risks	<ul style="list-style-type: none"> • Funding being withdrawn or drastically reduced • A reduction in other funding from external sources • Key unlocking infrastructure not coming forward
------------------	---

Strategic Projects located in or affecting this CNA (other than Integrated Town Packages)	<ul style="list-style-type: none"> Cornwall Energy Recovery Centre Combined Universities in Cornwall Connecting Cornwall (Transport) Education: Primary, Secondary, Specialist & Safeguarding Flood Risk Management Green Cornwall Green Infrastructure Health Mainline Rail Next Generation Broadband Rail Main Line Signalling Smart Grid Strategic Bus Transport Network Upgrade of electricity distribution network

					10/15	16/20	21/25								
CRITICAL															
EDUCATION & CHILDREN'S SERVICES (E&CS)															
14780	Primary Education	Expansion of Indian Queens Primary School	150 primary places (expansion of existing to 2FE).	China Clay	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	To meet forecast shortfall to 2016.	<u>Cornwall Council - Children Schools &</u>	£1,865,000.00	Cornwall Council Education - Targeted Basic Need Bid Other Funding	Not applicable	Land acquisition, planning permission, funding package.	Scheme underway to accommodate pupil numbers to 2016.
11005 190	Primary Education	Nanpean Primary School Expansion	Expansion of the primary school to provide an additional 210 places.	China Clay	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	To meet forecast shortfall to 2016.	<u>Cornwall Council - Children Schools &</u>	£1,085,000.00	Cornwall Council Education - Targeted Basic Need Bid	Not applicable	Funding package	Scheme underway to accommodate pupil numbers to 2016.
JOBS (J)															
10932 491	Employment	West Carclaze Work Hub	Start up Business Space (same as Enterprise Cornwall Business Centre?)	China Clay	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	To enhance local employment opportunities	<u>Public Sector</u> Private Sector Public Sector	Cost unknown	Private Funding Public Funding	Funding needs identifying	Site identification, land acquisition, planning permission, funding package	Part of proposed eco-communities scheme
NECESSARY															
EDUCATION & CHILDREN'S SERVICES (E&CS)															
14664 1081	Secondary Education	Brannel School	Minimum of 400 secondary places. Brannel already at capacity - demand likely to increase. Potential option to amalgamate projects 14664 and 11026 (Penrice/Poltair in St Austell.) to provide holistic Regeneration Area solution.	China Clay	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	To meet local needs	<u>Cornwall Council</u> Cornwall Council	£4,800,000.00	CIL	Funding needs to be identified, anticipated that CIL will fund.	Not applicable	In CC 2012-13 Capital Programme
14781	Primary Education	Primary School Expansion: Roche/Bugle/Treverbyn Area	School feasibility study to be carried out in order to provide an additional 120 places (0.5FE).	China Clay	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	To meet strategic housing growth.	<u>Cornwall Council - Children Schools &</u>	£2,940,000.00	Anticipated Developer Contributions CIL	Funding to be identified, anticipated CIL will fund.	Dependent on which growth sites will be delivered.	Planned
14782	Primary Education	Primary School Provision: West Carclaze - Eco Community	Provision of 210 primary places (new primary school) to support growth in the Eco Community area.	China Clay	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	To meet strategic housing growth.	<u>Cornwall Council - Children Schools &</u> Private Sector	Cost unknown	Anticipated Developer Contributions	Not applicable - Developer led	Dependent on growth sites being delivered.	Planned
GREEN & BLUE SPACES (G&B)															
10998 495	BAP Habitats	Biodiversity - Eco Community Area	An Eco-community will demonstrate a net gain in Ecosystems and Ecosystem services, including local biodiversity. A strategy for conserving and enhancing local biodiversity will be produced to accompany planning applications for the Eco-community.	China Clay	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	To ensure biodiversity maintained and enhanced in the area	<u>Eco-Bos</u>	Cost unknown	Private Funding Public Funding	Funding needs identifying	Funding packages	Early stages of assessment
