

Roche Neighbourhood Plan Brannel School Survey Results

83 Brannel school students were asked to fill in the same survey which was sent out to Roche residents in December 2014.

Although not every question was answered on every survey, the percentages calculated are based on how many students actually answered each particular question.

The most common suggestions and points of concern included:

- More homes are needed for the growing population.
- Nice and better looking homes.
- More drainage (mentioned a few times).
- More homes rather than bigger schools.
- New is better than old.
- Roche Rock protected (mentioned the most).

Question 1

41% (34) thought building 3-5 new homes a year in Roche parish is enough.

35% (29) thought it wasn't enough.

24% (20) did not have an opinion.

Question 2

41% (34) prefer smaller scale developments.

31% (26) prefer fewer but larger sites.

28% (23) did not have an opinion.

Question 3
