

Highway maintenance scheme • July 2020

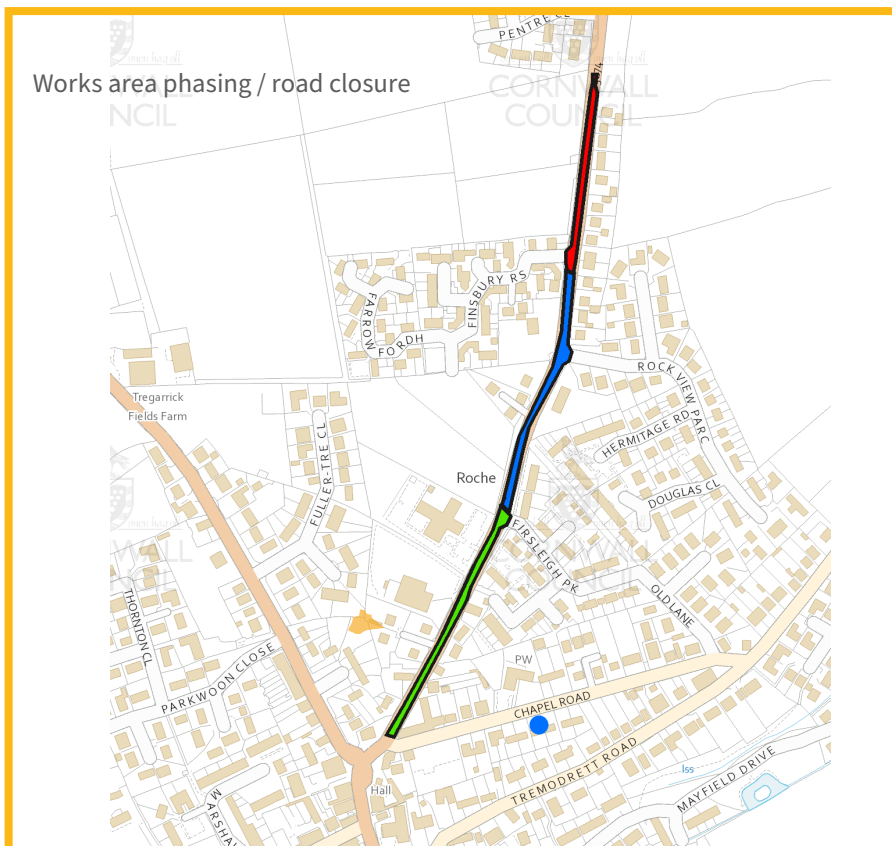

Roche

Resurfacing works

As part of our planned routine maintenance activities a road closure will be in place on Victoria Road in Roche from Monday 27 July to Friday 31 July, while resurfacing works take place.

Works will be undertaken, between the hours of 9.00am and 5.30pm.

We will have marshals on site to support residents and businesses needing local access to the shop and Medical Centre. All through traffic will need to follow the diversions in place at all times.

FAST FACTS

PHASE 1

Monday 27 July

PHASE 2

Tuesday 28 July

PHASE 3

Wednesday 29 July to
Friday 31 July

As work on the scheme will be completed throughout the day this may impact travel to surrounding communities.

Diversion routes

While the road is closed there will be diversion routes in place. Traffic will be diverted via Edgcombe Road and the old A30.

■ Road closure ■ Diversion

Signs will be placed at major junctions prior to the closure on the key routes to take non-through traffic away from the town and keep traffic disruption to a minimum.

Diversion routes have to be suitable for the type of traffic that would normally use the route, hence the reason we have to provide an 'A' road alternative. We appreciate they can sometimes be quite lengthy, but in order to carry out the works safely to protect our operatives and road users we need to implement these measures.

Access arrangements

Access to residents and business will be maintained through gateways managed by traffic management marshals. Residents will need to stop at the closure gateways and will be given safety instructions such as speed limit restrictions prior to entering the closure. If our teams need access or have to move machinery out of the way there may be short delays while this is happening.

We will always do our best to accommodate day-to-day requirements of people affected by our works, and access will be maintained as much as possible for those people directly impacted by the closure.

Emergency access will be maintained at all times.

Working safely

All our sites will be appropriately risk assessed and have strict safeguarding measures in line with current health and safety and Public Health England guidance to ensure the safety of residents and our staff.

Please be kind to the workforce and observe any signs or safety fencing that is in place. Our teams are working within the guidelines laid out by the government for construction works, and we are proud to be able to continue to keep on top of our commitments to improve road standards across the county.

Notifications

We will continue to carry out our programmed resurfacing works while we have the available resource and material to do so, and will do our best to put up advance notice boards on our sites. However, if the situation changes it may result in works being postponed or cancelled at short notice.

Getting in touch

For enquiries in relation to this scheme, please email: surfacing@cormacltd.co.uk.

You can report an issue on a road, highway or footway on the Cornwall Council website:

<https://www.cornwall.gov.uk/reportroad>

If there is an issue which is a threat to public safety, please telephone **0300 1234 222** (24 hour service) giving details of the location.
