

## **Email Subject:** Supporting the Countryside

As part of coming out of lockdown, we are all being encouraged to go outside for exercise and enjoy the countryside. Sadly we have heard of a number of instances of wild camping, damage to crops and irresponsible dog walking on farm land and public footpaths. We have even heard of a few places where lives have been put at risk. Working with the NFU and Cornwall Council we have been asked for your help in promoting the Countryside Code to ensure that walkers and visitors can access the countryside safely. Many parishes are responsible for the management of rural locations and access to the footpath and coastal path network.

It would be really helpful if you could promote the Countryside Code using some of [the attached posters](#) across you parish on noticeboards, gathering points and car parks so that everyone gets to enjoy and respect the countryside safely.

Further information and some useful tools are also available to download from the website of Countryside Online [here](#) which also includes a poster for use on websites and in social media.

Many thanks for your help.

Kind regards,

Sarah Mason
